## TRUSTED, PROVEN LEADERSHIP

Curtiss-Wright has a long and rich history as one of the world's most respected designers and manufacturers of rugged, reliable, and secure solutions for the defense and commercial aerospace industries.

Our proven, highly engineered solutions have significantly reduced program risk for thousands of customers and countless programs. As a result, defense departments, commercial avionics companies, and systems integrators worldwide trust us to provide the expertise, innovation, and experience needed for mission success.

## A STRONG SPIRIT OF INNOVATION

Fueled by our founders' groundbreaking first flight, our employees continue to pioneer exciting technological advances for demanding application requirements.

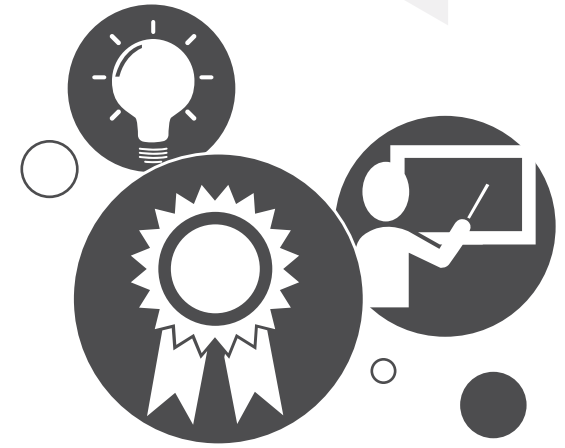

## JOIN A WORLD CLASS TEAM

Our employees share a common set of values rooted in integrity and excellence. Everything we do, and all of our interactions, are focused around consistently being the very best we can be.

- **Trusted** to always deliver on our commitments.
- **Proven** to always deliver the highest-possible quality.
- **Leaders** who innovate to shape the future of our industry.

Our **award-winning** co-op program gives students the freedom to innovate and contribute to real projects. We **encourage fresh ideas** and **value new approaches** — while providing the **mentorship and guidance** you need to succeed.

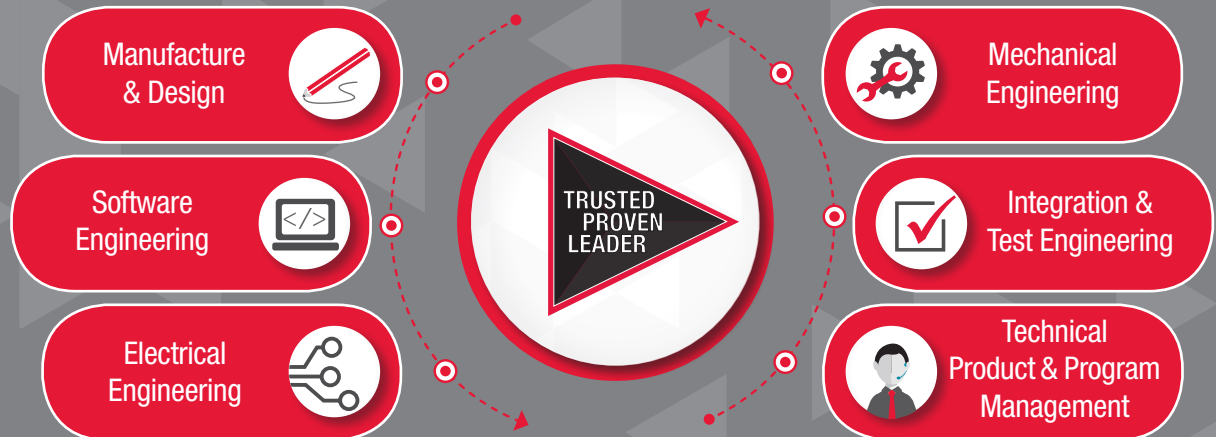

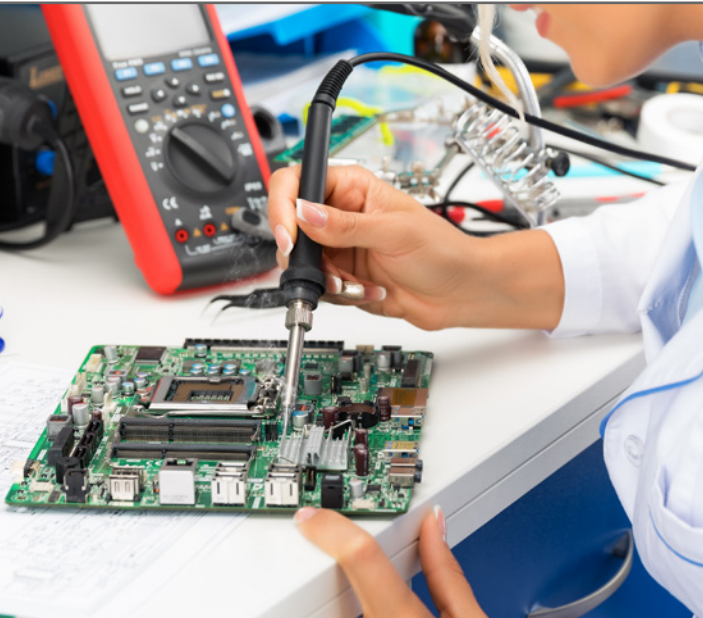

New grads are encouraged to apply and our Ottawa-based **engineering team is looking for top talent in the below key areas.**

## WE VALUE DIVERSITY IN THE WORKPLACE

We consider all qualified applicants without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability, or protected veteran status.

If you require accommodation due to a disability at any time during the recruitment or assessment process, please contact a member of our team and we'll make all reasonable efforts to accommodate your request.

## GLOBAL OPPORTUNITIES

Curtiss-Wright also offers student placements that let you kick-start your career with invaluable real-world experience and potential for full-time employment upon graduation.
