

TAKE THE RISK OUT OF INTEGRATION WITH PACKAGED COTS

OUR UNMATCHED CAPABILITIES ENSURE THE SUCCESS OF YOUR PROGRAM'S SYSTEM DEVELOPMENT AND INTEGRATION

SYSTEM INTEGRATION CAPABILITIES

Complete system design, engineering, and integration services based on your program-specific requirements

SLASH INTEGRATION COSTS WHILE REDUCING RISK AND MAXIMIZING PERFORMANCE

With electronics systems engineering experts, a deep history of program support for a wide range of platforms across the world, and industry leading support services, Curtiss-Wright has been established as a premier supplier of system solutions.

Work with the trusted, proven leader for comprehensive rugged, mission-critical solutions.

RISKS NATURALLY ARISE BECAUSE OF:

New Software Drivers Electrical Interconnects Cooling Challenges Power Constraints

WE ELIMINATE **RISK** BECAUSE OF OUR UNMATCHED FAMILIARITY WITH

Underlying COTS hardware

Combining components into systems we have built in the past

Software driver functionality

Designed to meet local and international qualifications

Qualified to military environmental standards

CURTISS-WRIGHT

HAS A PORTFOLIO OF IP AND PROVEN EXPERIENCE TO LEVERAGE FOR SYSTEM DESIGN, DEVELOPMENT, AND INTEGRATION

1

Portfolio of proven modules

3U and 6U building blocks

MIL-STD and DO-160 qualified

Testing and documentation

2

3rd party product integration

Identify, source, and integrate third party products

Integrate, test and, validate system solution

Collaborate with product and technology vendors

3

Custom system development

Custom, program specific solutions

Datapath analysis

Cooling design and development

WE'RE EXPERTS IN SWAP-OPTIMIZED INTEGRATED SYSTEMS

PROCESSING PERFORMANCE

FORM FACTORS

PACKAGING

THERMAL MANAGEMENT TECHNIQUES

ACCELERATE TIME TO MARKET

DEPLOY MARKET READY SOLUTIONS BY LEVERAGING OUR IP AND DECADES OF EXPERIENCE

LOWER COSTS

AVOID CREEPING PROGRAM COSTS WITH A FIXED SUBCONTRACTOR CONTRACT THAT HAS A DEFINED OUTPUT AND TIMELY DELIVERY

REDUCE RISKS

AGREE TO A FIXED SCHEDULE AND OUTPUT AND LET US TAKE THE DEVELOPMENT AND INTEGRATION RISKS

FOCUS ON CORE COMPETENCIES

ALLOW US TO DO WHAT WE DO BEST WHILE YOU FOCUS ON WHAT YOU DO BEST

TRUSTED PROVEN LEADER
